5	Demonstrate employability skills of self-awareness, leadership, management, entrepreneurialism and professional stewardship	BSc (Hons) Occupational Therapy																		

This course is designed to provide you with both the practical skills and evidence-based knowledge to allow you to operate autonomously as a healthcare professional. You will develop your scholarship and competency through the support of subject experts in our teaching team and through engagement with current research and contemporary professional practices. The course also offers you the opportunity to contextualise your learning, while undertaking a minimum of 1000 hours of practice, in a range of different Occupational Therapy environments (ranging from acute NHS hospitals, Private settings and community provision

**Teaching, learning and  
assessment strategies**

**Assessment  
Regulations**

**Note: Be aware that our regulations change every year**

**Approved Variations and Additions to Standard Assessment Regulations**

Students who fail a practice-based unit on substantiated grounds of fitness to practise concerns must be denied a referral opportunity in the failed assessments.

If students fail the first attempt at consecutive practice-based units, they cannot progress to the next level of study.

Students who fail the first and resit attempts of placement-based assessments, they have failed the requirements of the course and must be withdrawn.

An aegrotat award must be recorded on the certification, where this is awarded.

Each element of assessment must be passed with a 40% minimum mark. There will be no aggregation of assessments.

Aggregation of marks for elements of assessments that are practice-based is not permitted.

Compensation of units is not permitted

Each practice unit has a minimum 80% attendance requirement before any unit assessment can be undertaken.

Students may be given an opportunity to resit your failed assessment before the next designated resit point in units with placement assessments - OTH002-1: Holistic Therapy in Practice, OTH001-2: Enabling in Therapy Practice, OTH004-2: Collaboration in Therapy Practice, OTH003-3: Quality in Therapy Practice

Protected title: If you fail to successfully complete the course but gain an exit award for academic credits you will not be eligible to apply for HCPC registration.

No posthumous award can be made which would grant the protected title of occupational therapist.
